

Atlanta Hospital Hospitality House

Happy Holidays!

Atlanta Hospital Hospitality House believes that by providing lodging, meals and companionship we will improve the health and welfare of the families who have traveled to Atlanta for its world-class medical care. The holiday season can be a particularly difficult time for families when a loved one is hospitalized. The families we serve are financially fragile, hungry and exhausted. We know that our services directly improve how a family navigates their medical crisis. In 2010 we served 5,030 accommodations. There are many ways for you to give this holiday season:

The Angel Tree

Individual Angel: honor or memorialize a loved one by purchasing an Angel for an AHHH guest. Your Angel will be placed on the Angel Tree at the House for our guests to enjoy. To purchase your angel for \$25 or more, please fill out the form below and send in your payment.

Adopt-A-Day

Each day the cost for the AHHH to serve all our guests is \$500. You may choose to adopt a day for \$500 or a half a day for \$250 and a quarter of a day for \$125. Honor someone on his or her special day and we will place their name on our Adopt-a-Day calendar for our guests to see. The Adopt-A-Day calendar will also be published in our Annual Report.

Thanks for your support!

Did You Know?

- We are the only facility of our kind in the Atlanta area that serves anyone with a need regardless of which medical facility refers them or what kind of medical issue they may have. Among the medical conditions facing our guests and their family members are cardiovascular problems, cancer, tuberculosis, transplants, autism and many others. The average length of stay is eight days; the range is one day to several months.
- We serve 20+ regional medical facilities primarily Emory University Hospitals, the Veterans Administration Hospital, Kindred Hospital, Shepherd Center and the Marcus Autism Center.
- In 2011 we will serve over 5,000 accommodations and meals averaging 16 guests per night. We have served more than 120,000 guests since 1981 who have traveled from all over the U.S. and 39 different countries. In 2009 we increased our capacity to 25 guests by building a handicapped accessible Cottage.
- In 2010 we served over 1,100 guest stays (averaging 6 week stays) from the Marcus Autism Center and their feeding program. We also began serving Emory Clinical Trial patients and had 10 clinical trial patients (averaging 6 week stay).
- Every night at 7:00 p.m. we serve a home cooked meal to the guests of the AHHH. We pride ourselves in providing a “home away from home” in a comfortable and safe environment. In 2010 we renovated the AHHH’s main house kitchen. Each year we serve over 4,000 meals. The expanded kitchen enables us to accommodate additional guests as we continue to grow.
- In 2011 we’ve had over 2,000 volunteer hours served at the AHHH. We also added 4 evening volunteers that help our resident managers greet the guests, answer the phone and help with preparing dinner.
- In 2011 we celebrated our 30th anniversary with an open house luncheon. Story Corp was also at the House to record our guest stories. Hear them on our website.
- We have to raise \$225,000 per year to operate the Atlanta Hospital Hospitality House and the Home Depot Marcus Hospitality Cottage. While the economic times have been tough on us we have had some bright spots.
 - Recently, we held our third annual golf tournament raising over \$18,000.
 - We added four new corporate groups who support us.
 - We increased our volunteer hours by 20%.
 - We increased our in-kind donations by 23%.
